

The Convention and Conference Center

FILDERHALLE

FILDERHALLE
Kongress- und Tagungszentrum

Welcome

The **FILDERHALLE** Leinfelden-Echterdingen convention and conference center is centrally located just outside Stuttgart airport, in the heart of Southern Germany. Its convenient location is emphasized by direct connections to the highway, trams and the metro.

The architectural style of the **FILDERHALLE** is characterized by a modern, open-concept structural design and is equipped to meet the technical requirements of the most modern events. The design also creates an appealing atmosphere, putting visitors at ease as they are surrounded by expansive windows and the finely tuned rhythmic design of the building itself.

With flexible scheduling, the **FILDERHALLE** can facilitate events for between 10 and 1500 people. The five naturally bright halls are arranged around the central two-story foyer. The Large Hall, which includes a stage and a gallery, can accommodate up to 1000 people, the Small Hall up to 400 people and the three studios between 30 and 190 people. The building has an underground parking garage with 150 parking spaces.

Our professional team of project managers and event technicians are available to help you plan and carry out your event. The facility's technical equipment is state of the art and reflects the standards of any modern multi-functional venue.

The **FILDERHALLE** is the ideal venue for:

- Conferences
- Corporate events
- Congresses
- Cultural events
- Seminars
- Galas
- Training courses
- Balls
- Exhibitions
- Christmas functions
- Fairs
- etc.

Our Facilities

LARGE HALL

The 820 m² area of the Large Hall and its impressive panoramic window front offering a spectacular view of the city park create the optimal environment for congresses, conventions and presentations as well as cultural and social events.

The 200 m² stage provides enough space for building theatre sets, an orchestra, a choir, or a podium for congresses.

SMALL HALL

Architecturally, the Small Hall is similar to an auditorium. Each seat offers both an excellent view and outstanding acoustics.

In turn, the Small Hall is not only optimal for business events, but also offers a perfect environment for cultural events such as musical performances, especially classical or jazz, as well as cabaret and other small-scale performance art.

STUDIO I, II, III

This studio has an area of 120 m². With row seating the studio can accommodate up to 120 people.

Studio 2 is the largest of the three studios in the FILDERS-HALLE. It has an area of 190 m² and can accommodate up to 200 people, depending on the seating plan.

Studio 3 has an area of 50 m². The studio can accommodate 25 people with classroom style seating, 30 with banquet seating and 40 people if using row seating.

FOYER

The naturally lit, two-story Large Foyer can be used as a communication hub.

Its large structure provides the optimal space for a reception, coffee breaks, buffets, meals, exhibits, product presentations and get-togethers.

Service, Data and Facts

	Area	Height	Capacity	Seating	Stage	Lighting	Sound	Air Conditioning
